Spearfishing Course Level 3

It is required that divers have successfully completed level two to advance to level three.

This course pushes the limits of spearfishing in depths over 20 metres hunting blue water pelagics on secluded off-shore reefs. Hunting pelagics in open water is an art that usually takes years to refine.

This course offers the experienced insight of years of competitive diving and blue water hunting to help you gain the advanced skills needed to land that trophy fish.
